Career Objective

Dedicated Web Developer aiming to leverage a solid foundation in React, Next.js, and Supabase to deliver robust web applications. Eager to bring adaptability, strong work ethic, and proactive problem-solving to a collaborative development team.

Career Summary

Web Developer with strong foundation in both frontend and backend workflows, specializing in React, Next.js, Supabase, and PostgreSQL databases. Experienced in end-to-end web application development from crafting intuitive user interfaces to secure authentication and cloud database management. Adept at turning functional requirements into scalable, clean, and production-ready code.

Special Qualification

Expertise in Next.js, React, Tailwind CSS, and Supabase. Strong skills in API integration, database design, and developing fast, responsive, and maintainable web applications.

Skill

Fields of Skill

Description

- Web/ Website Development

Hands-on experience in frontend and full-stack web development with a focus on Next.js, React.js, Tailwind CSS, and Supabase. Proficient in designing responsive user interfaces, implementing database schemas in PostgreSQL, integrating REST APIs, and writing clean, maintainable code.

Accomplishment

Portfolio

1. Personal Developer Portfolio
URL: farhadjony.netlify.app
A personal portfolio website showcasing my frontend and full-stack web development projects, technical skills (React, Next.js, Tailwind CSS, Supabase), interactive UI components, and case studies.

Projects

1. Social Ecommerce
URL: fjony.netlify.app
Built a full-featured Social E-Commerce platform combining interactive social engagement with modern online shopping workflows. Implemented secure user authentication, interactive product catalog, shopping cart functionality, responsive dashboards.
2. Bagherpara Municipality
URL: bpmunicipality.netlify.app
Developed an interactive and responsive municipality web portal featuring an integrated photo gallery, dynamic navigation components, modern UI layout, and smooth responsiveness across all devices. Built with modern web development best practices for high performance and user accessibility.

Extra Curricular Activities

Active participant in tech communities, coding workshops, and collaborative open-source projects. Experience in digital content creation, video storytelling, and multimedia projects. Involved in local community initiatives and organizing campus/cultural events.
